Reference letter for SGP – Sorting Group Poland Sp. z o.o.

It's my great pleasure to recommend SGP company as a solid and reliable business partner. Starting from the year 2013, SGP has provided services for Bufab in Poland, Hungary, Romania and Slovakia in the fields of: sorting, incoming inspections, reworks, packing and other quality and warehouse services. Based on our current cooperation I can confirm high quality of services and full engagement of SGP crew in Bufab issues and recommend SGP services to other possible customers.

Cooperation with SGP has developed properly from the very beginning and SGP has greatly supported Bufab growth over past years. Furthermore it is worth to underline the flexibility, short reaction time and proactive attitude of SGP Company representatives.
